Dear Sir,

Following our audit in Goussainville on 06th November 2019, minutes n° AODE-19-AQ-631(0), we are pleased to confirm that you are fully approved :

**EMS is approved as a station for repackaging training protective breathing equipment
type 15-40E1 - 15-40E11 - 15-40T-OP**

This approval is valid for 3 years starting above date and can be revoked in case of non conformities or break in the activity.

Moreover any significant change in the organization, facilities, inspection, tooling... has to be notified promptly to Air Liquide Advanced Technologies.

Air Liquide Advanced Technologies reserve the right to perform audits at yours facilities during these three years all the team for its availability.

Best regards

Yours faithfully

P.O Régis LAURENT
